Why Use the Latest?

FEW PEOPLE REALIZE HOW MANY CHANGES OCCUR IN A CITY'S POPULATION DURING A SINGLE YEAR.

THE ACTUAL CHANGES ARE SHOWN BELOW:

New names written in	22%
Old names taken out	19%
Changes in location	29%
TOTAL CHANGES	70%

This shows the danger in trusting to an old edition of the Directory. It may be right, but is apt to be wrong. It is cheaper to buy a new book than to take chances.

A SUGGESTION

Before using a directory anywhere, look to see if it is the latest edition. The merchant who does not keep the latest Directory for his customers' convenience, does not show them a courtesy they may obtain elsewhere.

YOU SHOULD BE REGISTERED

Under every heading in the Directory where people might look for you. The Directory is the natural buyer's guide, and one glance at the advertising section will convince you that keen business men realize this fact.

Your name in bold type under the headings not only gives you an advantage over competitors not so described, but protects all other advertising you may do.

Frequently the desire to purchase is not aroused until the display advertisement that suggested it is misplaced or thrown away. Then the natural place to look is in the Directory.

THE COST

Of registration is so slight when one considers its value, and the fact that it is working 365 days in the year, that no live concern can afford to overlook it.
